

## CONCEPT

Commissioned work for Fluidra. Inspired from scanned scenes of various company installations. Gradually taking on the shape of a wave, the artwork captures the essence of Fluidra's dynamic and fluid nature.

## SPECIFICATIONS

Material: Aluminum frame (AISI 304 2B) & Backlight PVC fabric

Emission: Diffuse & Direct light

Environment use: Interior

Potency: 140W

Voltage: 220V-240V

LED Temperature: 4000K

Dimmable: Yes

Remote: RF Wireless

Smart Home: Yes

## DIMENSIONS

The product light output may differ from the original digital illustration, since it is affected by the custom LED's temperature. We reserve the right to modify the characteristics of the product. Last update 04/03/2025
